

DPU64-16 – Secure Drum/IBC Store (64 drums or 16 IBC)

Backed by our 20 year structural guarantee (details on request).

The base of this bunded store is manufactured from 3mm mild steel sheet with RHS cross members and pressed ribs. The corner posts, shelf frames and main rails are all made from rolled hollow section. The back, sides and door are pressed from 2mm mild steel sheet (corrugated as required for additional strength) while the roof is pressed with suitable bracing. The store is welded around the perimeter (sump fully seam welded), fitted with crane lifting points (maximum 2000 kilos per lift point), has double sliding doors mounted on easy glide track fitted on both sides and the unit is shot blasted before being painted.

Size	5920mm L x 2800mm W x 3330mm H at highest point
No. of Containers	64 x 205ltr or 16 x 1000ltr
Sump Capacity	4100ltr
Tare Weight	2900kg
Shelf Space	1350mm
Colour	Green RAL 6029

Note: The “floor” area above the sump in the drum store areas are covered with galvanised steel channel sections so that loose drums or pallets can be stored directly on to them, while the upper shelf is an open, box section construction designed to support pallets. Grid mesh shelving is available for the upper shelf as a chargeable option for those who wish to have it fitted with a full “floor”. Please contact us for further information
