

14765 – Safety Can for Liquid Disposal, S/S hardware, 19L, flame arrester, polyethylene

High-density polyethylene (HDPE) disposal cans provide superior chemical resistance and leak protection. Spring-loaded sealed cap, normally closed, automatically vents between 3 and 5 psig (0.2 and 0.35 bar). Stainless steel handle and hardware with latch catch system hold the cap in the open position for easy filling and pouring. Large mouth opening features a built-in stainless steel flame arrester to guard against outside ignition. The broad-base design provides stability and resists accidental tip over.

Size	305mm x 508mm H
Capacity	19 Ltr
Material	High Density Polyethylene
Fittings	Stainless Steel
Colour	Red
Tare weight	3kg
Approvals	FM
